

On Trac

Tracking the News at Independent Tractor Services

May you live in interesting times goes the Chinese proverb - and here in Zimbabwe, that is always the case! Zimbabweans are very resourceful people, who rise to every challenge cheerfully, and Independent Tractor Services as a company is no exception.

So the good news is that - we're here, and we're going strong!

Don't let break-downs grind you down

Choose ITS for all your tractor maintenance requirements, including complete rebuilds.

We are the Official Dealer for Same, Deutz-Fahr and

Gaspardo and carry genuine parts for these world class brands.

Don't be fooled by cheap imitations - they won't last!

GASPARDO

Get the REAL thing from ITS

DEUTZ FAHR

Breathe new life into old engines, tractors, planters, combine harvesters. No job too large or too small - **Just ask!**

We have a good selection of new tyres and tubes in stock NOW.

ITS was founded in 1995, and has stayed right on track, growing from a very small company to what it is today, with our spacious premises on Chawara Road which we built five years ago to accommodate our growth.

We have a wealth of valuable experience, starting with hands-on managing director Paul Collins who has been involved in the maintenance, rebuilding and servicing of tractors for over twenty years, to our foreman Edmore Runganga with fifteen years experience behind him in the same field, to our team of qualified artisans and support staff who between them have clocked up a combined few more decades!

ITS - keeping those tractor wheels rolling rolling rolling!

Genuine Same, Deutz Fahr and Gaspardo Parts in stock

More good news is that we carry excellent stock in our brands of speciality - and we'll source your needs if we haven't got what you require. Remember that cheaper imitation parts are a false economy indeed. Invariably, they fail much sooner than the real thing - so don't waste time and money buying them. Buy brand names and save in the long run.

Bringing old tractors to life...

So you've got an old tractor that's been broken down for some time? A brand new tractor may be beyond your means, but bringing an old one back to life may well not be! Come and talk to us.

and Planters...

We can do the same with Gaspardo planters. This Gaspardo Planter was completely rebuilt by the ITS team. Looks like new!

and Combine Harvesters too.

Service Exchange Units

Don't forget that we offer service exchange units, so your tractor is back working right away while we re-condition your own unit.

So you own a Massey Ferguson, Ford, Landini, etc?

Just ask! We've made a name for ourselves through our versatility. Though we specialise in Deutz-Fahr, Same and Gaspardo, we will of course tackle other brands too, and not just tractors and planters either, we'll take a look at engines and combine harvesters. Drawing on our many years of experience, we can tackle most jobs and diagnose those hard to find faults. Contact us - it's always worth asking. If we can, we will, if we can't we'll tell you.

Cutting Costs with Used Parts

ITS also breaks old tractors and machinery, so in cases where new parts are prohibitively expensive, good used parts are offered. If you have a tractor which is beyond repair, we may be interested in buying it for breaking - just contact us to discuss this.

Tractor and Planter Sales

For those with access to foreign currency, we still offer new tractors and planters ex South Africa, within just two weeks of order. At times we can also offer used tractors and equipment for sale and are always willing to sell your equipment for you on commission.

Experience counts, when it comes to swift, effective solutions to your tractor and planter problems. Independent Tractor Services, founded in 1995, has stood the test of time and challenge.

Our enthusiastic team and hands-on managers have decades of combined experience in servicing, maintaining and rebuilding tractors, planters, engines, combine harvesters.

We'll turn our hand to any job we have the skill and knowledge to tackle - and honestly tell you if we don't!

Edmore Runganga

Opening Hours

Are you a farmer who likes an early start?
