## Tracking the News at Independent Tractor Services

*It's been quite some time since you saw an issue of On Trac!*

*Rest assured however that our e-newsletter is indeed back on track, and as life, business and our economy continues to improve, so we intend to keep you posted more regularly of all our news and developments.*

*One of our primary reasons for contacting you all is to let you know how to contact US!*

*Like many landlines in Harare, as a result of repeated theft of lines, our landlines have been out of order literally for years now, but fear not! There are plenty of other ways to reach us and we look forward to hearing from you, always.*
